

# Investing in *Working safely* delivers... Performance, pride and positioning

At IOSH we know that we need to really inspire delegates, to get them engaged with safety and health. And if the learning is enjoyable and stimulating, we stand a better chance of getting across vital safety and health messages.

*Working safely* is a completely different approach to safety and health training. It's a high-impact programme designed to be fun and get people fully involved. The first-class, jargon-free content is based on what people need to know in practice, and not off-putting legal language.

## Who is *Working safely* for?
